

Tear notch

# FRONT

- Place your artwork in the "Artwork" layer. Your artwork should fill the entire frame of the layout with extra 20mm on the sides and 10mm on the bottom.
- If you have metallic on transparent elements, place them in the Metallic/Transparent Elements layer
- If you have any questions on how to use the template, feel free to contact us at [info@lprint.com](mailto:info@lprint.com) or via our Live Chat

# SIDE

# BOTTOM

Sealing zones

Bottom fold line

We recommend not to create element intersections right at the fold lines (like one colour base for front part and a different colour for the bottom). Please add at least 5mm of bleeds here
