

The diagram shows a front template for a pouch. It features a light blue background with dashed pink lines indicating fold lines and a solid pink line for the zip lock. A hatched area at the top represents the top bleed. A label 'Top bleed' points to this area. A label 'Zip lock' points to a dashed line near the top. The word 'FRONT' is written in large black letters. Below it, a text block provides recommendations for artwork. A list of three bullet points follows. Further down, a label 'Sealing zones' points to a dashed pink line that curves across the width of the template. Below this is a label 'Folding line' pointing to a horizontal dashed pink line. The word 'BOTTOM' is written in large black letters. At the very bottom, the word 'BACK' is written in large black letters. The entire template is framed by a solid pink border.

Top bleed

Zip lock

FRONT

We recommend to create matching left and right edges of your artwork. You can find more info in the [artwork guidelines](#)

- Place your artwork in the “Artwork” layer.
- If you have metallic on transparent elements, place them in the Metallic/Transparent Elements layer
- If you have any questions on how to use the template, feel free to contact us at info@lprint.com or via our Live Chat

Sealing zones

Folding line

We recommend not to create element intersections right at the fold lines (like one colour base for front part and a different colour for the bottom). Please add at least 5mm of bleeds here

BOTTOM

BACK
